What are Eyelash Extensions?

Eyelash Extensions are a totally new way to extend the length and thickness of your eyelashes. They are applied on a hair-by-hair basis to your own lashes for a totally natural look.

How long do they last?

When properly applied, Lashes can last up to 1 month or more. Touch-ups are recommended after initial full set application to replace any lashes that might have fallen off. Properly applied lashes will last for the length of the natural growth cycle of each eyelash hair.

How do I care for my Lash Extensions?

Care must be taken not to rub eyes, or scratch. Also, any creams, eye makeup removers, lotions, or cleansers containing glycols or carbonates can loosen the bond of Lash Extensions. Care must be taken to apply eye cream sparingly with avoidance of the lash line area.

Can I add mascara to Lash Extensions?

Water soluble mascara can be worn; however constant use of mascara may shorten the life-span of your lashes. **WATERPROOF MASCARA IS NOT RECOMMENDED FOR USE AS IT WILL DISSOLVE THE BOND WITH THE LASHES.**

How much do Lashes cost?
