Now Open on Mondays!

Our winter consignment has started coming in so quickly – our racks are full already and sales are up, so please call to make an appointment to bring your items in. We are always looking for jackets, corduroys, jeans, boots, scarves, etc. And don't forget the fur coats. That cold weather is coming. Come in and see some of the great outfits we have put together on our mannequins. Learn how to add some color to the browns and earth tones of the season.

Black Friday!

Friday, November 26 we will be open with special deals – just for you! A gift to our first 25 customers with early bird specials before 12:00. We will be 8 in October. Can you believe that we have been here that long? We want to thank you and have you share in our celebration. We will be partying on Saturday, October 16. Come in for birthday cake, gifts, surprises and a wonderful party. You will be getting a post card with more details, but save the date!

Fall Bus Tour:

We changed the location of our bus trip to Pennsylvania this fall and filled the bus – then to our surprise, they brought a bus twice the size so we had plenty of room for all the purchases. I won't mention names (you know what happens on the bus, stays on the bus), but I saw coats, boots, dresses and even hats coming on the bus! Don't miss our next one in April.

New Accessories

Barbara and I went to the wholesale district and brought back the greatest new accessories – We sold out of a couple of things the first couple of days and have gone back for refills! We have some great scarves, and you wouldn't believe some of the fashion pins we got. Look in the magazines and that's what we have. We will be glad to help you put an outfit together. It is amazing what one simple accessory does to change the whole look of an outfit. It's a great way to recycle last year's fashions and bring them up-to-date.

Little Change :

I love cooking and get some great cooking magazines with amazing recipes. You should see our Thanksgiving dinner – most of my family loves to cook and we get together every year a couple of weeks before Thanksgiving and go to Barnes & Noble and gather all of the recipe books & magazines we can find and make our menu – we sometimes have over 20 dishes. This year I noticed a trend in taking a well-known dish and with a new ingredient, changing the whole thing – Two of those dishes are sweet potatoes and cranberry sauce, and the new ingredient is chipotle peppers in adobo sauce – it adds heat and smoky flavor to both of these dishes – add a bit of the pepper and a bit of the sauce – it is quite strong so start with a little and work your way up!
